Dear Mr Bachrach —

My wife Annabel and I visited your studios in Boston on Christmas Eve 2002 & have our portrait taken. It was a truly magical experience.

It was such a great joy to be in the hands of Victor and the rest of your staff. The feeling of expertise and artistry was palpable!

So many wonderful old firms (e.g., Tiffany's, FAO Schwarz, et alia) have been turned into "brands" and

subsequently cheapened and debased. Not so Bachrach's! Our portrait is the genuine article, in the honored tradition of your firm and family.

You and your colleagues should be very proud of the work you do.

My wife and I send you our warmest thanks.

Best wishes for the New Year.

Richard and Annabel Cellini
